HP Point of Sale Solutions offer a range of choices of systems that are right for you and your business. No matter which system, they will all give you:

Business flexibility: Our extensive POS portfolio allows you to standardize your technology architecture across the entire store. Use your HP POS system to effectively run all your retail computing needs —including point of sale, manager's workstation, kiosk and even digital signage systems.

Stability and reliability: Retail-hardened design and extended lifecycle capabilities help you easily monitor your entire system and minimize downtime so you spend less time worrying about your POS hardware and more time offering value to your customers.

Investment protection: Save time and money with features that ensure you will not be putting more into this investment than you need to. Energy-conscious features continue to reduce costs over time and built-in reliability keeps your business running long-term.

Backed by HP: HP Point of Sale Solutions come standard with 3-yr standard limited warranties, damage protection options and other support services.
